No Network Fees means you save! You never pay extra for your additional users in the same office. Other programs charge extra for more than one or two users. And tax software for your additional offices is **50% off**...an amazing **75% off** for every office after the fifth. Other programs charge full price for every office. Ask about our Central Office Manager program to simplify setup, support and reporting for multiple offices.

Products, prices and specific research titles effective April 1, 2010 and are subject to change without notice. Processing fees and sales tax (where applicable) are additional. For information on the refund policy see www.cchsfs.com/legal.
